Date : 31st May, 2024

Subject : **2023/2024 SEMESTER II REGISTRATION**

Registration for the 2nd Semester of the 2023/2024 Academic Year ran from 21st January, 2024 to 8th March, 2024. The registration period was further extended to 31st March, 2024. However, despite this ample period, some students still did not register and requests for registration have been reaching Academic Office even at this late period barely two weeks before examinations. To this effect, no requests for registration will be entertained beyond Friday, 31st May, 2024.

In subsequent semesters students will be required to strictly adhere to the designated registration periods to avoid the risk of falling out of school.
